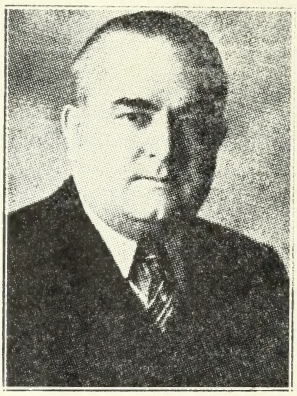
Police Department consists of 35 fulltime uniformed personnel, 20 fully trained and uniformed Junior Police, 120 Auxiliary Civilian Police fully trained. 8 pieces of major equipment.

PERTINENT FACTS ABOUT UNION TOWNSHIP

BY MAYOR F. EDWARD BIERTUEMPFEL



UNION is one of the important municipalities in the County, and advantageous for residence, business and industry. The census of 1940 listed the number of inhabitants as 24,735. Actually it is higher, and present dependable estimates place it around 33,000 and possibly more. It is third in the County for population. Union became a separate municipality in 1808 by act of the Legislature, under the name Township of Union in the County of Union, which is its official designation.

The Township originally comprised more territory, out of which other communities were formed, among them being Roselle Park, containing 775 acres, Kenilworth, 1330 acres, the Elmora section of Elizabeth, 410 acres, Hillside, 1750 acres, and the Cherry Street portion of Elizabeth, 40 acres. Union, however, is still one of the leaders in size also, containing about 9.04 square miles, or 5770 acres. Its ground available for residential and other purposes is greater than that of Elizabeth, excluding the meadow land of Elizabeth.

There is a blending in Union of things historic and those modern. Settlers were here before the Revolution. They contributed to the building of the new nation. Their descendants leave their imprint on the place of their habitation, and they join with the newer residents to create the forward spirit that has given Union its fine progress, changing it from a small hamlet and place of farms to a community with the attributes of a modern municipality.

Much of the growth of Union is recent. In 1920 the population was 3,962. In 1930 it rose to 16,455, and now ten years later it is on the road to doubling that. Construction was intensive in 1927, 1928 and 1929. After the national economic lull it was resumed again on a greater scale. The rate of new building and influx of population have been among the highest in the State.

While substantially developed, Union still possesses adequate building space to furnish room on an economical basis to relieve congestion in adjacent cities. It is strategically located in that respect, being situated in the great metropolitan area, with quick means of communication in all directions.

The rapid expansion of Union within a few years created requirements for utilities and services which were well met, and it occasioned need for corresponding governmental adequacy, which has been furnished. The school system is on a good plane. Police, fire, health, street, building and other customary municipal departments have kept pace. The facilities of the Library have expanded vastly. Organized playground and recreational activities cover all sections, and the participation of children, adolescents and adults keeps increasing annually. Churches of various denominations fill religious needs. Fraternal organizations and numerous group organizations meet social requirements. Volunteer committees supplement public work and exhibit excellent public spirit. Sectional considerations are given attention by neighborhood and local organizations. To a marked degree there has been developed an ability for working together to promote the general community welfare.

Comparison of maps of Union illustrate graphically the speed and extent of growth. Maps of only recent memory displayed a few older streets, with mostly the blank spaces of virgin territory. The current map shows a network of numerous streets for local usage, and the superhighways that supply general contact and constitute main arteries in a great highway system. While growth has been rapid, regulation and requirement for compliance with standards have kept it stable.

Union possesses the Township form of government. It functions through a Township Committee of five members elected by the people and acting as the governmental directing unit. In addition there are the usual departments necessary for administration of public affairs. The school system is under separate direction of the Board of Education. The Township type of government has been ideally suitable for Union. It is simple, flexible, completely representative, quickly effective in operation and furnishes the means of readily translating the wish of the people into action. This type of governmental administration is adaptable for communities of whatever area. Though available for smaller places, it is equally serviceable without limitation for municipalities of any size. There are townships consideraby larger than many cities. Union has travelled the road of advancement under its method of government. Bond indebtedness of the past has been steadily and greatly reduced. A record has been established through 10 successive years of reduction in the tax rate.

Predominantly Union is a community of homes, supplemented by business and with additions of industry compatible in a residential municipality. The progress of Union has been impressive. Its advantages are on a bountiful scale. Union is already one of the major communities. Possessing the basic assets and supplying the fundamental requirements essential in sound development, the dependable indications are for a continuance of good growth and notable position among the municipalities of the State.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then a reasonable affection; a wise and temperate jealously for her good name and a wish that she may prosper and grow beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."
—John Cotton Dana.

UNION GOVERNMENTAL DIRECTORY

TOWNSHIP OFFICERS

TOWNSHIP COMMITEE

F. Edward Biertuempfel, Chairman; Myles C. Morrison, Robert R. Lackey, Benjamin Romano, Harry E. King.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

DO YOU KNOW?

THAT the **Directory** of **your** city is on file in the **Directory Library** in all of the principal cities of the United States and Canada and that information about you is in it, accessible **Anywhere in America?**

ARE YOU PROPERLY DISPLAYED?

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep YOUR advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time

The Price & Lee Company

ALPHABETICAL DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to the complete name of each person over twenty years of age.

Information—as to the occupation of each person over twenty years of age.

Information—as to the address of each person over twenty years of age.

Information—as to the nature and activities of firms and partnerships.

Information—as to names of each member of firms and partnerships.

Information—as to the names of corporations, their nature and activity.

Information—as to the correct spelling of each and every name.

Information—as to whether a person is a "householder" (h) or "resides with" (r).

Information—as to what was the husband's name of each widow.

Information—as to the location of removals from city.

Information—as to those seeking prominence and prestige by display type.

FINALLY

Our Ideal

"If it has a name and location—it's here"

THE PRICE & LEE CO.

Free Service

Directories of various cities in the United States and Canada are maintained for your convenience at the

THE PRICE & LEE COMPANY
PUBLISHERS OF DIRECTORIES
OF ONE HUNDRED CITIES AND TOWNS

NUMERICAL DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to street descriptions and their location on city map.

Information—as to the location by number of intersecting streets and their relation to other numbers.

Information—as to the name of every householder at any given street number.

Information—as to the name of every place of business and its nature at any given street number.

Information—as to the location of telephones (♙) by street number.

Information—as to the character of any street or district.

Information—as to the number of families living at any number and who they are.

Information—as to the correct spelling of names when addresses are known.

Information—as to sections capable of producing the greatest amount of business by personal solicitation or "direct mail".

—FINALLY—

It takes the "Who is it?" out of your neighborhood and adds another link to your chain of friendliness

THE PRICE & LEE CO.

UNION NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

Indicates telephone at this number.

"(Right even)" after street description indicates even numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep YOUR advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time

The Price & Lee Company

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed y a numerical arrangement of householders, places of business and street intersections. (Arnged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number as vacant when the canvass was made.

ΔIndicates telephone at this number.

"(Right even)" after street description indicates even numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been ecured during the canvass that the house is owned by some member of the family, but as the ublishers cannot and do not guarantee the correctness of the information furnished, nor the mplete absence of mistakes, no responsibility for errors can be or is assumed, nor can the ublishers furnish further information than that shown.

SPRINGFIELD, N. J.

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep YOUR advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time

The Price & Lee Company

For Reference

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ADVERTISING FEDERATION OF AMERICA

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*
